

# Ultimate XTC4 Flash

FLASH FORMAT – 10 MINUTES – SUBLIMINALS – The post hypnotic triggers placed in XTC1, 2, 3, and 4 are used to sink you deep into My new FLASH world. Taking full advantage of My power over you I now use a brand new audio mp3 with the same brainwave synchronization techniques and settings used in the original MP3s coupled with an intense selection of custom made spirals in FLASH format to install new commands in your ever ready and hungry mind. Both feet and breast fixation are intensified and revisited with new commands from the voice of XTC. This flash took 4 DAYS to complete I should be selling it for over 100 dollars. I choose to offer extra subliminal suggestive products to those of you that purchase My mp3s so faithfully. This is My present to you... \*note\* This FLASH will only work on those of you that FIRST do at least one of the Hypnotic XTC mp3 files.
