

# VERY BADgirl!

You need to be punished! Oh, not all the time of course. Not ALL the time. But sometimes... There are times when you disobey Mistress, don't you? Yes, you get yourself into trouble. You're such a slut. Parading all over the place in that skimpy little hooker's outfit. Trying to get Me to notice you. Trying to get Me to throw you down on the bed and shove something thick and hard into that wet, little pussy. You start posing, and modeling, and waving out the window at anybody who will look at you, begging to be touched. So full of yourself, you little whore. Have you forgotten who owns you? HAVE YOU? You need to be reminded, little girl. You need to be thrown over My knee and spanked! But sometimes... Sometimes Mistress doesn't feel like swatting your hot, little bottom. Sometimes, I want to punish you a different way. With just a word or two. It's so easy to train you for pleasure. It will be just as easy to train you for punishment. And you WILL be trained, because you simply cannot resist your Mistress Dominica!
