

XTC 7 My Sweet Pussy

Yes, My drooling little pervert... this is the training session you have been dreaming about. The one that inflames all your fantasies. Don't stop drooling, slave 27... because I want your tongue all nice and wet for when you worship My smooth, soft pussy. If you're very good, I might even give you a treat... Yes, I just might let you slide your hard, stiff cock inside! Oh, that wouldn't be too much to ask would it... to make your Mistress cum? Because you are here to serve MY pleasure, slave boy. And if fucking you gets Me hot, then you're going to be between My legs, just at the entrance or deep inside Me, pumping fast... or slow... or simply holding still and feeling your cock THROB at My command. You know, don't you... that I'm going to use even this to brainwash you further. I'm going to turn you into My obsessed, abject, little sex slave... and take you to a NEW level of servitude. Prepare to go VERY deep, slave... Just how deep will I take you... before I finally let you CUM, slave?
