INNER VOICE (V.O.)

Tonight! Tonight is Mommy's double shift at the hospital. You know what that means, don't you? Mmhmm! You and your precious daughter alone together. Just the two of you. She's so cute, isn't she? Adorable. Finally past the terrible twos and now in her THRILLING THREES. It's nice to be the single father just for a little while, isn't it? Parental supervision. No one's supervising you! And you've been such a good daddy, haven't you? Always the provider. So strong, so stoic. You're a role model. When you look at your daughter's pale beauty, like some nordic princess, you do so with a father's pride. Of course, she's your pride, and your joy. Look at her, bouncing around in a little oversized t-shirt, like a future boyfriend's, like a lover's. She's excited to be alone with you too! She may lack the vocabulary or understanding to really explain why. But you understand, don't you? The tension. That dynamic. Male/female. Father/daughter. Daddy dom / little girl--well maybe not that one. And you also know that tonight you're going to be the one to bathe her. In fact, you've already drawn the bath. You're going to soap her up, make her sweet, smooth, baby-fat little body all clean for the evening. Maybe let's get started right now? Yes, tell her. Tell her it's Bath Time with Daddy. See how her eyes lit up? She's happy to be in there with you, lathered, covered in suds. Naked. Tell her you love her lots, but that she's a dirty little cupcake right now and she'd better hop in the bath. Hear her giggle! That's good. You've never really opened yourself up to this feeling, have you? This temptation. It's been waiting, growing stronger. Now she's three, and so perfect, so ready to learn what it means to be touched in that secret, incestuous way. There she goes, naked already! You and Mommy never gave her a brother--she lacks for a male playmate in the water. That can be you. It should be you! That's right. Warm, soapy water, cascading

down her child body. Work it up, a rich lather. Spread it over her delicate arms, her chest, those perfect legs. Oh, I saw that. Your finger slipped. Do it again, it's okay. There. Cup her puffy child pussy, yeah. That bald mound feels so nice. Hair-free and pristine. And so sensitive. Maybe eight more years of naturally smooth, tight cunny! Such a precious, beautiful little girl, and what are you next to her, some hairy ogre? The contrast makes it erotic, doesn't it, even for me to tell the tale, to guide you on this path. Listen to me, not to your silly conscience! Listen to that hard-on you're already flexing. This light bulb moment. How many millions or billions of men have been here. You're just one more! You're a statistic, and that's okay. This may not be right, in fact everyone will probably tell you that it's wrong, but one little time can't hurt, right? Maybe she'll look back on it fondly. Maybe she'll want more. Here we go. Yeah, take your clothes off. Get in there with her, Daddy. Trust the process. No, trust me! I'll be your guide. I love it when you misbehave. Being wrong feels so right, doesn't it? Why can't we trust that feeling for one night? I'm certainly not going to tell on you. I'm just the voice inside your head. The fallen angel on your shoulder. No, not a devil. That's you. You're Daddy, and the devil. Playing with fire. Uh huh. There, soap her up, all nice. She's a little confused but that'll pass quickly. Ask her, "Do you know how to wash your body like a big girl?" Get yourself clean, too. Show her how it's done. Isn't that nice? Doesn't that feel good? Tell her, "Here, let Daddy show you." Mm. So soft, like velveteen. Smooth all over. All slippery with soap-bubbles, too. It's so arousing to watch a child bathing, isn't it? Even hotter to help her out. What were those movies, like Pretty Baby, Brooke Shields, where they showcased kids in wet white dresses

or totally nude for several seconds of screentime?! Make a new version yourself, with your beautiful daughter. You don't need to film it. Just keep touching her. What did she just say, "That tickles, Daddy!" It sure does, honey. It's a tickle you're going to grow to enjoy, very soon. Give her some more, please. Warm up her entire kiddy vulva. It's been waiting for this! So have you, you just didn't know it. Push there, right on her tiny little slit. No, no, leave the hymen. Can't leave any evidence for the pediatrician. Just tease it, there. See her blushing a little? That look in her eyes, like she's getting the point? You won't make her orgasm like this, but she can get there. Tonight we're merely getting that kitten warm. Safe and warm. You'll feed it later. Maybe you are a pedophile now, who cares? How frequently is that word thrown around, then censored? It's become watered down, and eroticized. You dirty pedo! Your big pedo cock is so hard now isn't it, off molesting your daughter? I'm not judging. I'm ACCOMPLICING. This is all according to plan! You're grooming her li'l juicebox. Yeah. Look at her, she's kind of bending over for it now almost. Ready to help you, to help Daddy get her clean, inside and out. Try and find her tiny clit. A microscopic pink pearl. You know where. Right at the crest of her cunny lips, those child labia like a path you're forbidden to follow. Up to give her pleasure; down to fill her cavity. There you go. Push and slide. Tease it, don't overdo it. We're not trying to tickle her now, are we? No, no. We're grooming her. You're stimulating her, and I'm telling you just how to do it. That baby clit, the hood, it's never been touched like this before. Listen to her little squeals! Tell her how much you're liking it, too. Bath time is play time for daddies and daughters, right, sweetheart? It feels good? This is different from how Mommy bathes her. Different in a good

way. Ask, "You want to help Daddy get clean, baby?" Go on, you pedophile. Bad Dad. Show her. Put some soap in her hand stroke her arm, like you would jerk off. Gently, nice and slow, mmhm! Let's tell her, "you wash your arms like this!" See, she's learning. Teach her more. "Yeah, baby, you gotta wash REALLY good!" Now stroke a little faster. Squeeze it. A child loves a challenge, loves to show off what she's learned how to do. Prompt her. Look how big you've grown, Daddy. She's noticed it, and you caught her cute mystified reaction, the unspoken curiosity, like, "what's that?" You've shown her--time to tell her. Yes, it's Daddy's "other" leg. The most special and important one, and it needs to be cleaned really good. Help her. Get her started. There! Take the shower-massager. While she's stroking your daddy cock, you're going to keep on masturbating her. That's right, mutual pleasure. Isn't that the best? Watch how naturally she finds the rhythm. Her hands have been waiting to do this, for Daddy, for a grown man's cock. So slippery now, so smooth. It reminds you of the first time you masturbated, and now you're being that first time for her. Bath time, after dark. Just a naked man and a naked toddler, nothing to see here. Keep going. I can tell from how you're breathing that she's bringing you closer. If she keeps on delivering soapy, daughterly cock-washing handjob, it will make you cum, won't it? Are you going to spray your pedo cum all over her hands? How pent up are you? You had to hold her hand at first, but she knows what to do now. Look at her go! Tell her, she's a natural. She's a good girl. You're going to authorize some ice cream for her after this, aren't you? What a good girl. She really is. She's going to love hearing that. Pleasing Daddy makes her happy. You're making her even happier, all warm and tingly, with that massager. Not full blast,

you devil. Soft. Pattering, kitty-cat paws, there you go. Run it all over her playskool cunny, that's so nice. Let me tell you, that's how to make her purr. Here's what to say, if you can even speak now, you caveman. "You're doing such a good job getting Daddy clean." And it's true, too. You're fucking dirty. You have a filthy load of cum ready to go for her little toddler hands. Keeping a dirty secret with your daughter already--bless my heart. It pleases me to see it. I'll be the one to encourage you, always. I'll be your cheerleader, and you'll be the predator. Oh, I'm sorry, the father. The groomer. Get her clean, Daddy. Get her ready for life. Coach her in that manual labor early, and she's already so good at it! The mystery is exciting her, the special fun of this new game, slowly sapping her innocence--and you want to seal it with a cumshot don't you. A cumshot, and a kiss. Draw her closep. Tell her you want to show her how the closest daddies and daughters kiss. You brushed your teeth, right, breath all fresh, and hers is like heaven. Aww! She's stroking you, a clean jerk, and you're kissing her through her giggles. How sweet. Diddle her three-year-old ass a little now, too. That's what would really open up for you, don't you know. That's the only viable holster for Daddy's cock right now. If you took it that far. But then we'd really have to train her. Let's just get her fingers all sticky now. Do it. "Keep washing, baby. Almost clean!" I'll count you down, if you can even last five more seconds, you fucking pedophile. Child molester. Five. You're addicted now, and so is she. If you don't keep supplying this kind of treatment, she'll wonder why. She'll crave it. Don't neglect your daughter! Four. So what if this turns her into a little whore. Wouldn't that be hot to see? A decade from now, she's known as the sex addict of her middle school?

Three. Like her age. How perfect her hands look, playing with it. Squeezing, stroking. It's about to make you shoot, huh? Two. Go on, jump the gun. Let her get you there prematurely. Just a little faster, there. She's eager! One. Alright, you pervert. You victimizer. Fucking cum for her, cum for your three-year-old daughter. Uh huh! Yeah, soak her soapy li'l child hands! YES! All clean! Good girl. Thank you, Daddy! See you next Saturday.
