| Weeviloid                     | Love all the work you do.                                                               |
| Travis Hearn                  | Thanks for making this, you all rock!                                                   |
| Marcus Sinlak                 | Rainbow Dash is awesome. Thanks to all the artists.                                     |
| Stewart Simpson               | Artists, thank you for sharing your awesomeness with the rest of us!                    |
| Anonymous                     |                                                                                         |
| Matthew Brino                 | This book is proof of some of the best artists this fandom holds                        |
| Princess Luna                 | We all love what you all create for us! Best of luck in the future!                     |
| SirHoli                       | May your lives be bountiful like this bouquet of plots                                  |
| Anonymous                     | Keep fighting the good fight.                                                           |
| TheOtakuX                     | It's an honor to help bring such high-quality pony plot to the printed page once again. |
| Blueguy10168                  | Keep up the great plotwork!                                                             |
| Rei_zero                      |                                                                                         |
| Darnel "Scroll Scribe" Gobeil | Sexy work as always guys! Nice job!                                                     |
| Qetesh                        |                                                                                         |
| MSCA                          | <a href="https://derpiboo.ru/394129">https://derpiboo.ru/394129</a>                     |
| TheCamel                      | Keep up the cloptastic art!                                                             |
| Ken R.                        | Thanks for everything you do!                                                           |
| Vadleon                       | Wub wub wub wub wub :3                                                                  |
| Wizardmon                     | Still watching it for the plot.                                                         |
| Haywind                       | Hugs to all the pony artists for making this book. <3                                   |
| Vinavia                       | You guys be the real MVP                                                                |
| LucifersSefaph                | MLP and the Bronies, truly a fanbase for all ages!                                      |
| ILoveFlatChests               | Thank you for your amazing contributions to the community guys <3                       |
| dtlol                         | Thanks you for the great art                                                            |
| Lezvion                       | From Belarus with Love!                                                                 |
| Shadowfire6661                | Mmm, Pony plot!~ :3                                                                     |
| Dergym                        | Thank you <3                                                                            |
| Caboni32                      | Great job!                                                                              |
| Carlos                        | Make sure to clean up after yourself                                                    |
| Dead-Pon3                     | Best part of the clop community. Keep up the good work.                                 |
| Torrik                        | Awesome job organizing this collection of great art.                                    |
| TexasUberAlles                |                                                                                         |
