Character Description

Glitter Breeze where the daughter of a wealthy merchant who lived in a Cloudsdale since she was born. Even if her early life wasn't that special, when she was at age she fell in love with another pegasus of her same age.

Considering that she were a good looking pegasus since she was young, that wasn't really a surprise for his parents, who allowed the couple to pass time with each other, until a day, his beloved proposed to marry him and to travel to his home to another Cloudsdale. The wedding was a memorable event for her life, and they left the Cloudsdale the same night, beginning their honeymoon and new life together.

Even if it's the perfect time where usually a love story or fairy tale ends, sadly for a series of unfortunate decisions or plans, this is not how it ends. After few days of journey, Glitter Breeze discovered that her "beloved" husband left her alone in a room of the inn they took for two days, taking everything with him and leaving her with only her dress and the wedding ring. Glitter's heart where crushed by discovering that the person she thought to love, was only pretending, and that the marriage was only a way to obtain a part of his family wealth and then run away with it. Learned the lesson, the young bride were forced to sell her wedding ring in order to pay the rent and buy few supplies for herself, and this is where her true adventure begun.

Fortunately Glitter Breeze where always able to find particular things, even worthless and to sell them for a higher price. She usually uses her charm and manners to fascinate others, without exaggerating, and also thanks to her education, she knows many things. She recently started to study Herbalism, because she is planning to learn how to brew potion that she will then sell or keep for herself. Even if she maintains a cheerful behaviour, it's still possible for those who have a keen eye, to catch a glimpse of sadness in her eyes.

Glitter Breeze is not really suited for adventuring in the wild, but she still finds it fascinating since she always lived in her home, since she always had everything she could need but also because her parents where not interested in such "uncouth" stuff, who was only meant for those mud ponies below the sky.

She wear her Leather Vest only during exploration, while she prefers to wear something more comfortable when in a city or village.

Combat:

As many other pegasi, Glitter Breeze is quite agile, but she isn't really trained for combat and she usually flutters away or she stands back, while others do the dirty work. Even so, she always tries to encourage others or to warn them of incoming dangers as soon as she can, or at least tries to spot those who try to sneak past them.
