

THE CONSTITUTION

OF HER MAJESTY'S WEBSITE OF PONYVILLE.US

BY ROYAL DECREE

"AMICITIA EST MAGICAE"

Indited AUGUST 8th in the Year of Our Princess - 2015

INDITER: Fluttershy, Element of Kindness

IN WITNESSETH WHEREOF: Twilight Sparkle, Princess of Friendship

We the Ponies of Ponyville.us earnestly aspire to create a harmonious imageboard integrated into the My Little Pony fandom, and open to all individuals from all walks of life. We believe that the internet is truly not serious business, and that an imageboard can be defined by its kindness and tolerance. Ponyville.us shall be a place where civility, respect, and mutual understanding are both encouraged by and expected from each and every poster. As an imageboard, Ponyville.us allows posters to engage at an intimate level which a forum, by nature, cannot provide. Image posting and ease of posting permits an atmosphere of community which more readily enables friendships to form and conversations to blossom. As such, Ponyville.us is an imageboard open to all manners of discussion, be they pony related or not. All fandoms are welcome to open threads and post freely with all manners of pictures and content.

Ponyville.us is a wholly safe for work website. We understand that the internet and pony fandom, as well as fandoms in general, are risqué by nature. Risqué and suggestive content will not be persecuted so long as neither are rule breaking. Content which is outright explicit, pornographic, or excessively prurient, as defined by the rules of Ponyville.us, or illegal under the laws of the USA or country of the poster's origin is expressly prohibited, and posting any such content will be met with administration action.

This having been said, administration and staff will always err on the side of lenience towards users. We all understand that not every action which breaks the rules is made with malicious intent, or with an intent to break the rules. The staff of Ponyville.us promises to be highly accountable, transparent as to decisions, and always available to talk to as equals. Staff members are expected, and trained, to be individually attentive, and patient towards users. All

administration understands that we are all working together towards a better community.

The pony fandom, from its inception, has stood a stark contrast to the vast majority of internet communities. Despite this contrast, however, it is on the internet that the fandom first grew, and where the fandom continues to flourish. Ponyville.us embraces both the bold kindness of the pony fandom, while keeping an open mind towards its internet neighbors. Ponyville.us hopes to be a part of a greater internet community of pony fans, both open and vibrant, while also serving the other countless communities the internet sustains. Yet, we at Ponyville.us hope to pursue this goal in a friendly, gentle way. We believe that friendship truly is magic, that the internet can be a fun, undramatic place to be, and that love and tolerance need not perish from the internet.
