Post this picture in a store on the magazine section.  
 section. Who's gonna be the lucky guy to take  
 it?

<twyli> Today at 9:22 PM

Over these years, I've build some kind of love to my mare I adore and found myself out, that this isn't some kind of joke. I've decided to spent all my time and resources to her in each single possible way. From doing hobbies together to hot night. I'm totally sure 'bout this and to anybody, who seems to have a problem 'bout my dedication gets pushed off of my view. You can love anything as long it doesn't hurt anybody or against the law. And it's not weird for me or something. She captured my heart and made it go sparkle... Cheers

And the tattoo is under my skin, so it stays forever  
And this was my life choice If I take her as a big part of my life  
Until I die and be with her in a better world

Bobotoe Today at 9:35 PM

you're fucking disgusting
