Source?

What's that? - In simplicity, giving energy to a thought or concept gives it power, making it a spirit able to influence our lives. All gods are powered by the thoughts, prayers, offerings, and energy given to it.

Mother Creatrix, Harmonia

*In the beginning, before form and motion, there was only the Allmother — **Eileia**, the Boundless Womb of Being. She was the great potential of all that could be, formless yet full, timeless yet patient.*

*From within Herself, she breathed out two twin emanations — **Solara** and **Noctyra** — daughters of light and shadow, intention and reflection, harmony and mystery.*

Later on, after creation of the alicorn, Civilization flourished on Equus. Until Eirdas had got hold of their existence.

A battle took place, destroying all that had took place, save for two Alicorn siblings. In these two rest the souls of Solara and Noctyra.
